

IASP 2026 WORLD CONGRESS ON PAIN

Bangkok, Thailand • 26-30 October

MOBILE APP GUIDE

Your World Congress, All in One Place

Download the official IASP 2026 World Congress on Pain mobile app before arriving in Bangkok. Use the app to explore the scientific program, build your personal schedule, navigate the Bangkok International Trade & Exhibition Centre (BITEC), and connect with colleagues throughout the Congress.

Select a download link or scan its QR code.

Plan Your Schedule

Explore the scientific program and build a personal schedule around your priorities.

Save sessions, set reminders, and keep a backup option when activities overlap.

Find Sessions

Search the scientific program by topic to find sessions and discussions most relevant to your research, practice, and professional goals.

Navigate BITEC

Use BITEC maps to find session rooms, poster areas, exhibitors, attendee spaces, and Congress services.

Review the map before each day begins to plan your route between activities.

Connect with Attendees

Use the app's networking features to find and connect with fellow attendees and exhibitors.

Review your profile and visibility settings in the Privacy Center to manage how others can find and contact you.

Receive Program Updates

Allow notifications to receive Congress announcements, program updates, and schedule changes directly on your device.

Check the app regularly for the most current onsite information.

Explore Posters and Exhibitors

Review poster abstracts, identify presenters you would like to meet, and find exhibitors relevant to your work.

Plan time for the research, organizations, and innovations you most want to explore.

IASP 2026 WORLD CONGRESS ON PAIN

Bangkok, Thailand • 26-30 October

MOBILE APP GUIDE

Download the App and Get Started

Download the app before traveling to Bangkok so you can begin exploring the program and building your schedule in advance.

1 Allow Notifications

After downloading the app, allow push notifications when prompted to receive Congress news and updates.

2 Explore the Menu and Build Your Schedule

Tap the **three lines in the upper left corner** to open the full menu. Select **Schedule** to browse the program and add sessions to your personal schedule. Tap a session title for details, including presenters and map locations.

3 Log In to Use Connect (Optional)

Some app features, including **Connect**, require a Guidebook account. Open Connect from the main menu; you will be prompted to log in when you add a connection.

Use an existing Guidebook account or create a new account with your email address. Follow the password requirements shown in the app.

Your Guidebook login is separate from your IASP website credentials. To recover access to an existing account, select “**Forgot your password?**” or “**Email me a login link.**”

4 Manage Your Profile Visibility

To remove your profile from Connect, tap your **profile icon in the top right corner**, then the **gear icon in the top left corner**. Scroll to **Privacy center** and turn off the option to appear publicly in the IASP 2026 World Congress on Pain app.
