Submit Abstract

ASME's 4th Annual Aerospace Structures, Structural Dynamics, and Materials Conference (SSDM) gathers aerospace structures, structural dynamics, and materials engineers and researchers from industry, academia, and government agencies to discuss technical advancements in this growing sector. The program is designed to not only showcase the latest research but also encourage meaningful dialogue in a comfortable setting.

Attend SSDM to:

- **Meet your next R&D partner:** Connect with government agencies.
- **Facilitate product advancement:** Participate in sessions focused on applied technological design and development.
- **Expand your knowledge in specialized topic areas:** Discover new avenues in aerospace structures, structural dynamics, or materials.

Important Dates

All deadlines expire at 11:59 pm ET

Abstract Submission
November 3, 2025

Draft Paper Submission
January 12, 2026

Presentation Only Abstract Submission
February 17, 2026

Draft Paper Decision Notification
March 2, 2026

SETTING THE STANDARD

Access the Session Creation Page

- » Start building your sessions by clicking on the link:
- » <https://ssdm.secure-platform.com/a/organizations/main/solicitations/269/sessions/create>
- » This link is unique to the SSDM 2026 Conference.

Enter the session number and session title.

Please use the correct session numbering format,
i.e. **01-01: Advanced Modelling for NDE**
01 = Track Name
01-01 = Session Number

Remember, you need to add a session title after the number.

You may change the title but please keep the numbering format the same.

Create your first session.

The screenshot shows the ASME session creation interface. The top navigation bar includes links for AUTHOR RESOURCES, EVENT SITE, WEB TOOL HELP CENTER, MY ACCOUNT, HOME, and VIDEO RECORDING TIMELINES. The sidebar on the left, titled 'Welcome Mark Avila', contains links for Home, Change Program, My Submissions, All (4), Incomplete (2), Complete (2), My Profile, Admin Panel, and Log Out. The main form area is titled 'Details' and contains a 'Title' field with a red asterisk, a 'Type' dropdown menu with a red asterisk, and two buttons: 'Back to Topic/Session List' and 'Save and Set Agenda'. Arrows from the text instructions point to the 'Title' field, the 'Type' dropdown, and the 'Save and Set Agenda' button.

Select the session type:
Technical Session

Click Save and Set Agenda

Assign submissions to your session

Select the paper from the list.

This list will display **ALL** submissions for the conference.

Please wait for list to load to see the track name.

You can also reference the attached spreadsheet for your paper numbers.

Enter the submission number from your spreadsheet

Select Edit Details

(Only the Primary Track Organizer will have this link!)

Select the Organizer Tab

01-01-01 Test Session

Type: Technical Session

The screenshot shows a web interface for managing sessions. At the top, there are three tabs: 'Details', 'Agenda', and 'Organizers'. The 'Organizers' tab is currently selected and highlighted. Below the tabs, there is a form with a 'Title' field containing '01-01-01 Test Session' and a large 'Description' text area. At the bottom of the form, there are two buttons: 'Save' and 'Save and Back'. A red arrow points from the 'Organizers' tab to the text on the right.

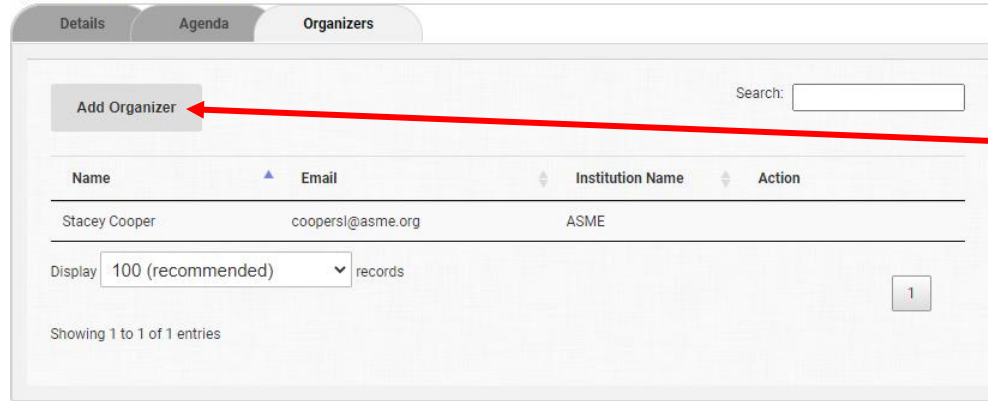

Select the Organizers tab

(Only the Primary Track Organizer
will have this link!)

Adding Organizer

01-01-01 Test Session

Type: Technical Session

The screenshot shows a web interface with three tabs: 'Details', 'Agenda', and 'Organizers'. The 'Organizers' tab is active. At the top left of the tab content is a button labeled 'Add Organizer', which is highlighted by a red arrow. To the right of this button is a search bar labeled 'Search:'. Below these elements is a table with the following columns: 'Name', 'Email', 'Institution Name', and 'Action'. The table contains one entry for 'Stacey Cooper' with email 'coopersl@asme.org' and institution 'ASME'. Below the table is a 'Display' dropdown menu set to '100 (recommended)' and a 'records' label. At the bottom left, it says 'Showing 1 to 1 of 1 entries'. At the bottom right, there is a small box with the number '1'.

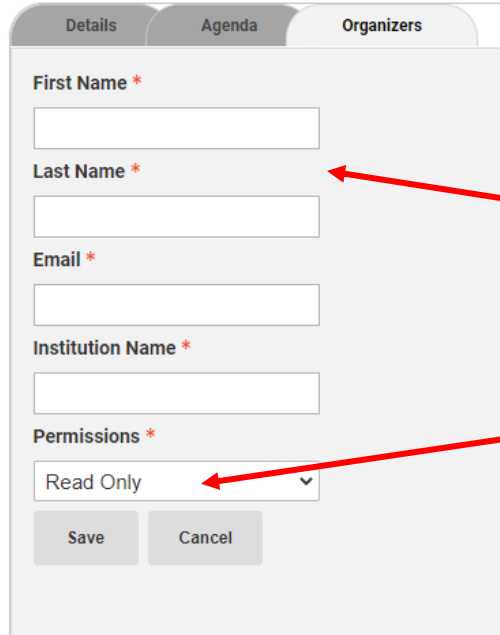

Click on the Add Organizer button

(Only the Primary Track Organizer will have this link!)

Complete Organizer Details

01-01-01 Test Session

Type: Technical Session

The screenshot shows a web form titled 'Complete Organizer Details' with three tabs: 'Details', 'Agenda', and 'Organizers'. The 'Details' tab is active. The form contains the following fields:

- First Name ***: A text input field.
- Last Name ***: A text input field. A red arrow points to this field from the text 'the co-organizers uses to login to ASME!'.
- Email ***: A text input field.
- Institution Name ***: A text input field.
- Permissions ***: A dropdown menu with 'Read Only' selected. A red arrow points to this dropdown from the text 'Set the permissions to Collaborator'.

At the bottom of the form are two buttons: 'Save' and 'Cancel'.

Type in required fields.

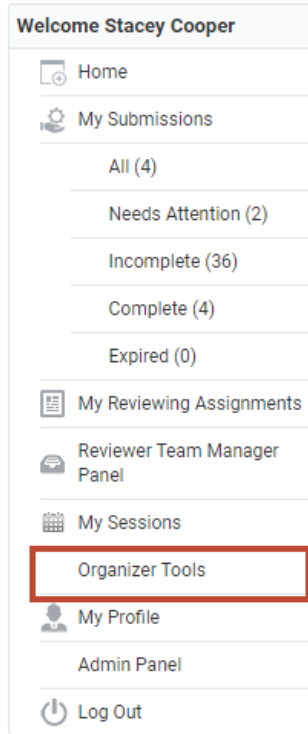

(Make sure you have the email the co-organizers uses to login to ASME!)

Set the permissions to Collaborator

Co-Organizer will receive an email about the topic assignment.

Viewing the Submission

» View

The screenshot shows a web interface for viewing a submission. At the top, a breadcrumb navigation path is displayed: 'Abstract Submission' → 'Authors' → 'Draft Paper Submission' → 'Revised Draft Paper Submission'. The 'Draft Paper Submission' link is highlighted with a red box, and a red arrow points from it to the first bullet point on the right. Below the breadcrumbs, the 'iThenticate Score' is shown as '86'. A red arrow points from this score to the second bullet point. The 'iThenticate Url' is displayed as 'https://asmeextensionsandbox.azurewebsites.net/ithenticate/view/52869202', with a red arrow pointing from it to the second bullet point. Below the URL is a link 'Open Link in New Window'. The 'Upload Draft Paper' section indicates 'PDF format required' and shows a file named 'paperscs.pdf' with a red arrow pointing from it to the third bullet point. A 'View in Fullscreen' button is located at the bottom of this section. On the right side of the interface, the '29-09 Abstract' section is visible, with 'Paper Type' listed as 'Technical Paper Publication'.

» Assigning Reviewers

- Search by
 - First or last name
 - Email address
 - Company
 - Keywords
- The number of papers assigned to the reviewer is displayed
- Click “assign” to add the reviewer to the paper.
 - Reviewers will receive an email notification for each assignment.

Can't Find Your Reviewer?

The 'Add Reviewer' form is displayed, featuring three input fields: 'First Name', 'Last Name', and 'Email'. At the bottom of the form are 'Close' and 'Submit' buttons.

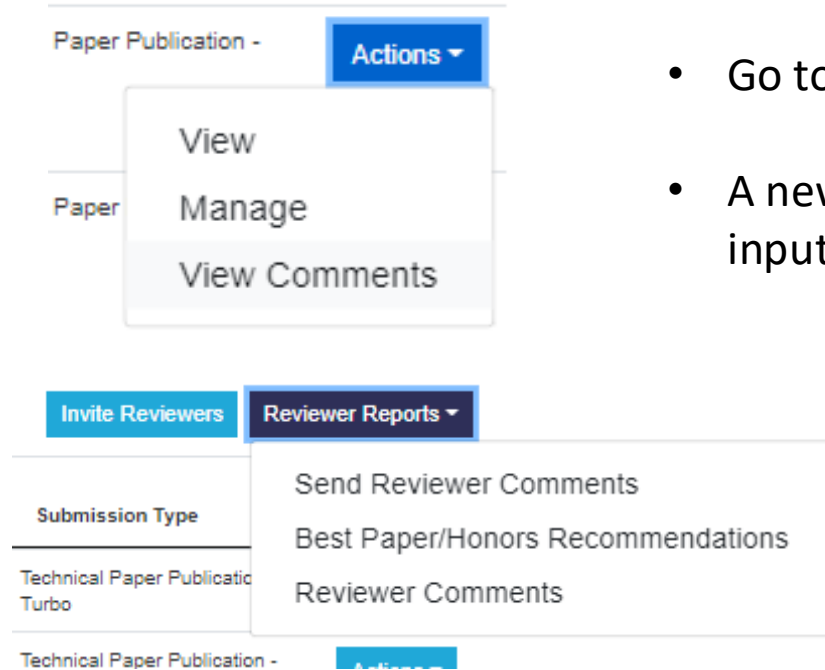

Go back to the main paper list screen and click on "Add Reviewers".

Enter the reviewer's first name, last name and email address*.

After clicking on "submit", a notification window will flash on the bottom right of your screen and an email will be sent to the reviewer.

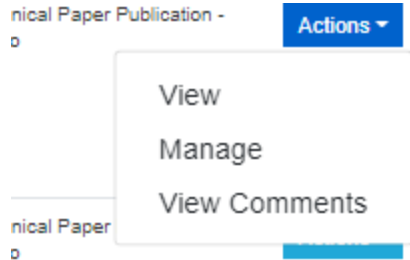

** Communicate with your reviewer first before entering an email address. Ask if an ASME account already exists and use the correct email address. Entering a wrong email address will delay the review process.*

View Reviewer Comments

- Go to Actions > View Comments
- A new window will open displaying all reviewer inputs
- Go to Reviewer Reports > Reviewer Comments
- This will download a comma separated file (csv) with all reviewer inputs that can be imported into Excel.

Make a Decision on the Paper

- Go to Actions > Manage
- This will take you to the [paper management screen](#).
- Click on the “Decision” tab.

These are templated emails that cannot be customized. All have the deadlines posted in the Publication Schedule.

Clicking on Send Reminder will send out the email to the group of reviewers/organizers with incomplete actions and include a report for the user to download.

Resource Materials

iThenticate Guidelines

- » Prior to assigning reviewers, organizers will need to analyze any matching results over **15%**
- » Two areas of concern: plagiarism (copying someone else's work), and lack of originality (copying your own previous published work)
- » When assessing a paper, consider:
 - Is there any source with high degrees of match (>15%), or are there just lots of <1% matches of phrases?
 - 50x <1% = no problem
 - 1x 50% = problem
 - If there is a source with a high match, has that source been properly referenced in the paper?
 - Are the matches limited to the introduction, description of the analysis, experimental setup, etc., or are there high matches in the results and conclusions portions of the paper?

iThenticate Guidelines

If you have concerns, discuss it with TPC. For feedback from ASME, please contact us at our [Webtool Help Desk Form](#).

Outcomes can be:

- » Reject the paper outright.
- » Caution the author about the concerns and request changes. These changes can include properly referencing papers with matches, and/or to reword sections to reduce the degree of outright copying. Organizer should check the final paper to make sure these directions have been followed. Proceed with reviews; reviewers should also comment on matches.
- » Let the paper go through with reviews with no special action.
