

Objective

This award recognizes **up to two member corporations in each size category** (small and large) for outstanding contributions to local chapters and the national organization in furtherance of the goals of the chapter and the society. It also recognizes their efforts in promoting the professional development of our member community.

Award Criteria

To be nominated a corporation must have been an ASMC Corporate Member for at least two consecutive years immediately preceding the award period. The nominee is the corporation itself, not a member designee of the company.

The nominee's contribution must have applicability to the goals of the local chapter and the National organization. Nominees will be scored on contributions of the Corporate Member, scope/impact of those contributions to the local ASMC chapter and the national organization, and any innovative approaches and methods used to further promote the professional development of ASMC and its members. Notable contributions in fostering better understanding of private sector business environment and improvement in the relationship of DoD and private sector through education will be given more weight than just financial support.

The performance period for the award is January 1 to December 31. Winner(s) from the previous 3 years will not be considered for this award.

Submission Requirements

Each chapter may submit one nomination each year in each corporate size category (large and small); Companies are a small business if they meet the SBA definition of Small Business based on the 541611 NAICS code criteria.
