

2026 Leveraging Data to Intentionally SERVE Institute

Purpose

The Institute provides institutional teams opportunities to analyze, interpret, and leverage disaggregated data to drive institutional data-based decisions and actions. As a cohort of peer institutions, teams will learn the importance of using disaggregated data at the institutional, programmatic, and classroom levels to intentionally serve Latino, and all, students. With data being a foundational element of the Seal of *Excelencia* framework and core to institutional transformation, Institute is highly beneficial for institutions beginning their journey of intentionally serving Latino, and all, students.

Overview

Date: Consists of **three virtual modules** over 3 consecutive Tuesdays in July.

- **Module 1: July 14 1:00-5:00pm ET**

 - Tactical Planning Team Time
 - Cohort Sharing & Learning
- **Module 2: July 21, 1:00-5:00pm ET**
 - Interactive Session 3 + Session Activity
 - Interactive Session 4 + Session Activity
 - Tactical Planning Team Time
 - Cohort Sharing & Learning
- **Module 3: July 28, 1:00-5:00pm ET**
 - Interactive Session 5 + Session Activity
 - Interactive Session 6 + Session Activity
 - Tactical Planning Team Time
 - Cohort Sharing & Learning

The Institute offers institutional teams **18 hours of capacity building** during the Institute (12 hours) and 3 virtual follow-up sessions (6 hours) to:

- Examine institutional capacity and infrastructure to disaggregate data for data-informed action, decision-making, and resource allocation
- Identify data literacy and coaching needs to create campus cultures of inquiry across institutional units
- Advance strategic initiatives by examining the collection, usage, and dissemination of disaggregated data as means of accountability, continuous improvement, and external measures of impact.
