

Overall, the metrics provided by programs should be compelling and show effectiveness to the best of the program's ability. Data outside of institutional research offices is publicly available online. Browse the following resources to help tell your story.

Resource	Description
Civil Rights Data Collection (CRDC) https://ocrdata.ed.gov/	Survey collects data on key education and civil rights issues in public schools regarding equal educational opportunity.
Excelencia in Education- Growing What Works Database* https://www.edexcelencia.org/programs-initiatives/growing-what-works-database	Resource for practitioners, institutional leaders, funders, and policymakers interested in evidence-based practices that accelerate Latino student success in higher education.
Excelencia in Education- Latino College Completion Fact Sheet https://www.edexcelencia.org/research/latino-college-completion	Provides community and university practitioners, policymakers, and university leaders data and information on degree attainment for Latino students.
Institute of Education Science- What Works Clearinghouse* https://ies.ed.gov/ncee/wwc	Evidence-based recommendations for educators to improve student outcomes.
National Center for Educational Statistics (NCES)- College Navigator https://nces.ed.gov/collegenavigator/	Tool that provides information about postsecondary institutions on programs offered, retention and graduation rates, prices, aid available, degrees awarded, campus safety, and accreditation.
National Center for Educational Statistics (NCES)- Condition of Education https://nces.ed.gov/programs/coe/	Contains key indicators on all levels of education, labor force outcomes, and international comparisons.
National Center for Educational Statistics (NCES)- Data Lab http://nces.ed.gov/datalab/	Surveys on topics such as financial aid, demographic, and enrollment patterns. A table generator is provided for each dataset so that users may create their own tables for national comparisons.
National Center for Higher Education Management Systems (NCHEMS) Information Center http://www.higheredinfo.org/	Provide state policymakers and analysts timely and accurate data and information that are useful in making sound higher education policy decisions.
National College Attainment Network (NCAN)- Common Measures* https://www.ncan.org/page/CommonMeasures	A recommended set of Common Measures to help college access and success programs guide and assess their work.
U.S. Census Bureau's American Community Survey (ACS) http://www.census.gov/acs/www/data/data-tables-and-tools/index.php	Compiles data about the U.S. population as a whole, including educational attainment data at the national, state, and often local level. There are standard tables available as well as tools to create personalized comparisons.
