Helpful Hints for Completing Your Nomination

STEP 3: NOMINATION INFORMATION

Nomination Categories

Refer to the dropdown menu to review category options.

There are a total of 23 primary categories to select from. Many of the primary categories have subcategories to further refine your category selection. Once you make your primary category selection, subcategory options will automatically appear if applicable.

Nomination Type

There are two different types of nominations for your consideration.

- **Company initiative:** If you are nominating a company initiative, select the category that aligns with your company, and if applicable, a subcategory for your nomination. For example, if your company identifies as an Asset Manager and your initiative is a new or enhanced ETF tool or program, then you would select Asset Manager (Initiatives) for your category and ETFs as the subcategory. There are a total of 87 categories for initiative nominations.
- **Individual executive/leader:** If you are nominating an individual in one of the leadership subcategories, you would select the category that aligns with your company and the executive's role. For example, if your company identifies as a Technology Provider and your executive is the Chief Marketing Officer, you would select Technology Provider (Executives) for your category and Chief Marketing Officer of the Year as the subcategory. There are a total of 23 categories for executive nominations.
