

Mildred (Crisostomo) Smith Class of 1998

Mildred “Millie” Crisostomo Smith is, without argument, the most talented distance runner to ever grace the course and track at Milford High School. A four-year competitor in cross country, winter and spring track, Millie set the standard as a freshman and exceeded it each and every year after. She was selected to compete in the Foot Locker Cross Country Championships, Northeast Division, for all four years, and was the Michael J. Mahon Female Runner of the Year in 1995, '96, and '97.

Millie was renowned on the cross country courses throughout Massachusetts. She burst on the scene as a freshman, winning the Central Mass Championship in her first try. She would go on to win three more titles, becoming the only runner, male or female, to capture that championship four years in a row. As a sophomore, she placed second in the Division I State Meet, and followed that up by winning the title as a junior.

Millie was even more of a threat on the track during the spring. She shattered the District E Invitational Two Mile record by an amazing 21 seconds and was the Central Mass Two Mile Champion three years in a row. She was second in the All-State Meet as a sophomore, but then went on to take first place at the New Englands. As a junior, she ran a personal best time of 10:55 to win the State Championship, and followed that up by winning her second straight Two Mile New England Championship, running the distance in a blistering time of 10:51.1 .

Millie currently still holds the MHS Two Mile record for both Winter and Spring Track, as well as the Mile record of 5:06. Already committed to Division I Boston College on a full athletic scholarship, Millie was involved in a serious accident in December of her senior year and missed her spring track season. However, BC honored her scholarship, and she continued to train with the team to the best of her abilities.

Carl S. DeIeso Class of 1971

Carl DeIeso was one of the most outstanding three-sport athletes to ever graduate from Milford High School, earning three varsity letters in each of three sports. Equally at home on the gridiron, basketball court or baseball diamond, he was not only a skilled athlete, but a leader as well. Not one to boast of his accomplishments, he led by example and was captain of all three sports as a senior.

On the football field, Carl was a superb receiver with very good speed who always had a knack of getting free in the secondary. He was singled out by opposing coaches as the key player on Milford's 1970 undefeated Midland League and Class C Championship Football Team. In a run-oriented offense, he caught 33 passes and scored eight touchdowns. Counting end-around runs and kick-off returns, he accounted for over 1,000 yards of total offense. He was a Midland League All Star, and his accomplishments led him to be the lone MHS player to be named to the first Worcester Telegram & Gazette Super Team.

Though not possessing outstanding size, Carl more than held his own on the basketball court, combining outstanding quickness with a smooth shot at the forward position. He led the team in scoring as a senior and was named to the Midland League All Star Team.

It was on the baseball diamond, though, that Carl's athleticism really showed. A three-year starter in center field, he covered a lot of ground with his speed in the outfield. He also was a feared hitter at the plate, hitting .300 and .320 his first two seasons before putting together a spectacular senior year. During that season, he slammed 31 hits with a .429 batting average. He was named to the Midland League All Star team for the second year in a row.

After graduation, DeIeso was a major contributor to the 1970 Powers Post # 59 American Legion State Championship team, and also played for the Milford Town Team .
