**DIVERSITY RECRUITMENT through
EDUCATION AND MENTORING**

DREAM

THE DREAM PROGRAM is a 10-week summer program designed to increase the number of women and racially underrepresented groups in medical physics by offering research opportunities, outreach and strategic mentorship geared towards recruiting a more robust and diverse group of skilled undergraduate students in the field of medical physics. Once DREAM fellows are selected on a competitive basis, they select from a comprehensive list of mentor-defined projects based at institutions in the US and Canada. Selected fellows will be awarded a \$6,000 stipend with the expectation of a 40- hour per week effort for 10 weeks.
