Section: Organization Information and Background

Please provide information about your organization as a whole. This section is intended to help us understand your organization's mission, history, leadership, and overall capacity. Project-specific details should be provided in the next section of the application.

Organization Name *

Organization Website (URL) *

Tax ID Number *

Number of Full-Time Equivalent (FTE) employees *

Organization Mission and Brief Description *

Current Programs and Activities *

Describe your organization's current major activities, projects, and programs.

Target Population *

Describe the population that your organization serves. Please include geographic focus and demographic data, as applicable.

Leadership *

Describe your organization's senior leadership and note any major leadership changes that took place in the past year or that are anticipated in the coming year.

Section: Project Information

Please provide information about the proposed project for which you are requesting funding.

Project Name *

Project Summary *

Provide a brief summary of your proposed project, including what the project is, who it will serve, where it will take place, and how it will be implemented. Please limit your response to 250 words. Additional project details will be requested in the fields below.

Alignment with Agility Grant Program Goals *

Describe how the project aligns with one or more of the overall goals of the Agility Grants Program. These goals are as follows:

- Prevent and reduce gambling harm in young people by supporting effective, tailored problem gambling prevention education initiatives created and implemented by nonprofits that live and serve in their local communities.
- Support projects in communities that have previously had no problem gambling prevention services, or expand services to new populations in communities that have effective but small services.
- Amplify the voices and leadership of people from historically underrepresented communities, where gambling harms are often more prevalent.

Primary Target Population Description *

Describe the specific group of people your project is designed to directly reach. Include relevant characteristics such as age range, setting (e.g., school, community), geographic area, and any factors that make this population a priority (e.g., increased risk, underserved status).

Primary Target Population Estimate *

Estimate the number of individuals you expect to directly reach through this project.

Indirect Beneficiaries Description *

Describe any individuals or groups who may benefit from this project indirectly but are not the primary participants (e.g., families, caregivers, educators, or community members). Explain how they are expected to benefit from this project.

Indirect Beneficiaries Estimate *

Estimate the number of individuals you expect will indirectly benefit from this project.

Location *

List the specific target location for your project. This could be the city, region, county, neighborhood or school district.

Evidence of Need *

Clearly explain the problem or need your project is designed to address. Describe how this issue specifically affects your intended target population. Support your explanation with relevant data (e.g., local, state, or national statistics) and cite sources of that data (including websites, reports, or studies).

Logic Model (required) *

To support applicants in developing clear and well-planned projects, we ask that you complete a logic model using the provided template. The logic model is a planning tool that helps you clearly define your program strategy, connect activities to intended outcomes, and plan for implementation and evaluation.

Please download and complete the required [Agility Grants Logic Model Template](#) for your proposed project, then upload the completed document as part of this application. If your proposal is funded, the logic model will be used by NCPG to monitor project progress and assess overall impact.

Project Description *

Provide an overview of what the project will do and how it will be implemented, including the primary activities, who will deliver them, and how the project will be delivered (e.g., online, in-schools). Your response should clearly explain how the project addresses the identified need, and it should align with the activities and outcomes described in your submitted logic model.

Timeline *

Provide a detailed timeline that outlines your project activities by month or quarter for the full grant implementation period. Include key milestones and the primary activities you will complete during each time period.

Staff and Leadership *

Provide names, titles, and brief bios for all individuals who will directly work on this project. Describe their roles in the project and include any relevant experience or expertise in problem gambling.

Strategic Partners *

List any strategic partners involved in the design or implementation of this project and describe their roles. Strategic partners are organizations or groups whose involvement is essential to implementing the project as intended. These partners may help design, co-manage, oversee, implement, or evaluate the project. For example, if your project involves presentations to youth participants, any participating schools, school districts, or community organizations should be listed as strategic partners. Do not include vendors. If your project does not rely on external strategic partners, please indicate “none.”

Partner Commitment *

Have all the above partners committed to the proposed project/program?

Please note that we ask you to upload letters of support from each partner as part of your application.

Select one option

- ☐ Yes
- ☐ No
- ☐ Not applicable (project/program does not include any partners)

Partner Letters of Support *

Upload Letters of Support from project partners (pdf, doc, docx files accepted). If there are multiple partners, please combine the letters into one PDF document.

We have included an optional [Letter of Support Template](#) for your reference/use. If you choose not to use the template, please review the template to ensure your submitted Letter of Support includes the required information.

Partner Commitment Explanation *

If you answered no to the question above, please use this space to share information on the status of any required partnerships for the proposed project/program.

Community Involvement *

How will you involve the target population in the development and implementation of the project?

Renewal Funding *

Have you received an Agility Grant for this project in a previous round and are applying for renewal funding?

Select one option

- ☐ Yes
- ☐ No

Progress on past grant *

Indicate the award date and project implementation period of your last Agility Grant. Briefly describe the activities implemented as well as the successes and challenges faced.

Reason for renewal request *

Describe how additional funding will help you to expand or build upon the project.

Goals *

List the goals of your project. A goal is a broad, long-term statement that describes the overall change your program aims to achieve. Goals should focus on intended impact rather than specific activities or short-term outcomes.

Evaluation Plan *

Explain how you will measure whether the project achieves its intended goals. Describe the evaluation methods or tools you will use as well as who will be responsible for conducting the evaluation (e.g., project staff, an external evaluator, or a partner).

Section: Financials and Budget

Organization Budget *

What is your organization's annual operating budget?

Project Budget *

What is the total budget for the project for which you are requesting funding?

Requested Funds *

How much funding are you requesting from the Agility Grants program? Note: Request amounts should be between \$20,000 - \$40,000.

Other Funding Sources *

What, if any, other funding sources will be supporting the proposed project? List specific amounts requested from foundations, corporations, governments and other funding sources, as well as the status of those requests (pending, pledged, received). If no other funding sources are being sought, write N/A below.

Organization Budget *

Upload a copy of your organization's annual operating budget for the current fiscal year (acceptable formats: Excel, PDF).

[File Upload]

Project Budget *

Upload your project budget as an Excel file. We recommend using the [Agility Grant Project Budget Template](#). If using your own format, please include sufficient detail for each line item and cost provided. Note: No more than 15% of the requested grant funds may be used for overhead/indirect expenses.
